Luxury Hotels of the World}

Best travel experience? Visiting our hotels. Each is so different with interesting back stories that define their sense of place. Favourite hotel? Tokyo Station Hotel, a meticulously restored 100-year-old train station that serves a fantastic breakfast buffet with more than 110 foods! Favourite design piece collected abroad? A painted Elephant Parade statue from Chiang Mai. I like to support art with a cause. Does travel influence your work? Discovering new places and meeting new people makes my work fulfilling. Your ultimate destination for 2018? Maldives and Kyoto. Croatia is on my bucket list. slh.com
