GLAZE UP

Mother Nature, the greatest designer of them all, inspired ceramics studio Marloe Marloe to dream up the Capri candle holder set, \$250. Every piece is handmade in Queensland and the candle holders shown above are finished with a glaze that pools during the firing process to create a gorgeous, watery effect. MARLOEMARLOE.COM

REST EASY

You'll sleep well knowing Milou Milou flax linen sheets are made from repurposed 'deadstock' (discarded or oversupplied) fabrics salvaged from the textile industry. Sheets are not held in stock, but made to order, so no waste is created in their production. MILOUMILOU.COM

BETTER TOGETHER

Laminex has teamed up with the all-female design crew at Sydney's YSG Studio to showcase the punchy design potential of its Colour Collection. At left, you can see Burnt Ochre used for the cabinetry while Moroccan Clay stars on the rear benchtop and splashback. "There's something so luscious about these deeper block colours," says Yasmine Saleh Ghoniem, YSG's principal. LAMINEX.COM

scent to please

Evoking the romance of The Silk Road, Ormande Jayne's Damask eau de parfum (\$249 for 50ml, below) puts damask rose front and centre, with its star scent backed by fruity hints of pear, lemon and pink berries. Amber and musk base notes serve to cement its status as a beguiling fragrance. LIBERTINEPARFUMERIE.COM.AU
