SHADOW PLAY

Brisbane-based label Repose hand-makes one-of-a-kind lampshades, capturing the beauty of warm, natural textures and novel forms. Decorative yet soft woven paper raffia in the Totem lamps casts a warm, dappled light and shadow when lit, and serves as a tactile sculpture when not in use. r-e-p-o-s-e.com

MAGIC CARPET Punchy patterns and eccentric borders made from hand-tufted wool and hand-knotted hemp meet in Real Majik, a 12-piece rug collaboration between textile design firm Tappeti and Sydney design studio YSG. The collection weaves colourful narratives of faraway lands with flair. tappeti.com.au
