## Add personality with architectural hardware.

### The Streaks

DESIGNER:

Bankston x YSG

Demonstrating the beauty of natural timber, The Streaks collection, by design studio YSG in collaboration with Bankston, features tonally harmonious varieties arranged in a striped form. Each piece is carefully crafted from FSC-certified timber. [bankston.com](http://bankston.com)

### Orbe

DESIGNER:

Lo and Co

Referencing traditional bobbin detailing, the Orbe collection is defined by a combination of spherical forms and sharp, square-set edges. It includes three sizes of pull handles, and a T-Pull, and is available in eight custom finishes. [loandcointeriors.com.au](http://loandcointeriors.com.au)

### M-Series

DESIGNER:

IN-TERIA

The M-Series is IN-TERIA's latest material exploration. Handcrafted in Tasmania, the first release of the new collection, the Goblet joinery knob, is available in brushed and aged brass. Photo: Dean Baird. [in-teria.com](http://in-teria.com)

### House numbers and letters

DESIGNER:

Mud x Vince Frost

Mud has partnered with Frost Collective's Vince Frost to launch a bold range of porcelain house numbers and letters, available in 19 colours. Featuring a playful, bubble-like font, they are ideal for adding personality to any property. [mudaaustralia.com](http://mudaaustralia.com)

### Burly handle

DESIGNER:

Spaces Within

An understated yet dynamic mini pull, Burly by Spaces Within features a sturdy form balanced by fluid, lightweight proportions. Concave detailing adds unique tactility, while the polished nickel plate creates a mirrored finish with warm tonality. [spiggy.com.au](http://spiggy.com.au)
